City Council and the Citizens  
City of The Dalles  
The Dalles, Oregon 97058

The Annual Comprehensive Financial Report (ACFR) of the City of The Dalles, Oregon, for the year ended June 30, 2023, is submitted herewith. This report presents a comprehensive and detailed picture of The Dalles' financial transactions during fiscal year 2022-2023 and the financial condition of the various funds at June 30, 2023. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including disclosures, rests with the City. To the best of our knowledge and belief, the report is accurate and complete in all material respects, including all activities, funds, and financial transactions, and is presented fairly to disclose the financial position and the results of operations of the City at June 30, 2023, and for the year then ended. Further, it is our belief that all disclosures necessary to enable the reader to gain an understanding of the City's financial operations have been included. The organization and content of this report, including the financial statements, supplementary information and statistical tables, follow the standards for annual financial reporting recommended by the Governmental Accounting Standards Board.

### **CITY HISTORY AND GEOGRAPHICAL AREA**

The City of The Dalles, Oregon, is situated in the north-central part of the state on the Columbia River, the nation's second largest river. It is the county seat and the largest community in Wasco County. The Dalles is one of Oregon's most historic cities and was known earlier in its history as the end of the Oregon Trail. Archaeological evidence suggests the area has been inhabited more or less continuously for more than 10,000 years. The City was first incorporated by the Oregon Territorial Government in 1857 as "Dalles City" and was made the county seat shortly thereafter. We celebrated our Sesquicentennial in June of 2007.

Strategically located on the Columbia River and bordered by the Cascade Mountains to the West, The Dalles has historically been an economic hub of the Pacific Northwest, linking major transportation routes between Eastern and Southern Oregon and Washington State via waterway, interstate, rail, and aviation. It offers residents the pleasures of rural living while providing the advantages of access to metropolitan amenities in Portland, only 80 miles to the West.

In accordance with the City Charter of 1899, which was revised in 2017 and amended November 2020, the City of The Dalles is governed by a City Council. This Council consists of an elected Mayor and five Councilors. The City operates under a council-manager form of government.

The City has nine departments: Administration, Finance, Legal, Police, Community Development, Human Resources, Library, Columbia Gorge Regional Airport, and Public Works, that collaborate to provide a wide range of services to our citizens. These services include general administrative services, police, code enforcement, municipal court, planning and economic development, aviation in partnership with Klickitat County in Washington State, water treatment and distribution, wastewater collection, transportation systems, and stormwater management. Fire services are provided by the Mid-Columbia Fire & Rescue District, park services are provided by Northern Wasco County Parks and Recreation, and building services and inspections were provided by Wasco County.

## **GENERAL ECONOMIC CONDITIONS**

Per the United State Census bureau, the City population estimate as of July 1, 2022 is 15,932 yet the City serves a trading area of about 90,000 persons in both Oregon and Washington. Principal economic activities are agriculture, high tech services, small industrial businesses, hydro and wind power generation/transmission, and tourism, along with healthcare, government, and retail services. Mid-Columbia Medical Center, which has recently be acquired and is now Adventist Health Columbia Gorge, remains the area's largest employer with approximately 897 employees in all their affiliated activities.

Major agricultural products of the City are wheat and sweet cherries, with a growing sector of grape production. The Dalles is a primary producer for both domestic and overseas cherry markets. There are in excess of 10,000 acres of sweet cherry trees around the City. Wheat has roughly 50,000 acres currently in cultivation in The Dalles area. Additional agricultural products include cattle, hay and tree fruits.

The Dalles is the site of a 151 bed Veterans' long-term nursing and care home and currently provides 167 jobs and has 96 residents. The Oregon Department of Veteran Affairs has 9,300 square foot community center and outpatient clinic next to the Veterans' home. The Wasco County Courthouse and offices are located in the City as are various other State offices. The Dalles Dam at the eastern edge of the City is a major power generating facility. Also at the eastern edge of the City is the Celilo Converter Station, one of the world's largest electric power converter stations. Electricity is transported to and from Southern California through this station.

The Dalles is the major shopping center in the Mid-Columbia area. In the past decade or so, a 138,000 square foot regional Home Depot, Walgreen's and both the local Safeway and Fred Meyer stores completed multi-million dollar renovations. Fred Meyer expanded its retail space by 15,000 square feet, which included enclosing the existing garden area. A new Coastal Farm Supply store opened in The Dalles during the summer of 2012, and a new modern Goodwill retail and job center opened in 2014. In addition, a Holiday Inn Express was constructed and opened April 14, 2020, with 93 rooms, creating more than 30 new jobs. The Cascade Square shopping center completed a 4+ million dollar façade renovation in the fall of 2018 and is home several businesses and a sushi restaurant. These developments are balanced with the closure of JC Penney's (which has been replaced by Discounts Plus), as well as Tony's Town and Country, a clothing store located in the downtown, and the closure of K-Mart (which has been replaced by a U-Haul center). This significantly reduces the options for clothing type items for local residents.

The City is a strategic home base for year-round recreation. Water sport enthusiasts will find boating, excellent fishing, and one of the finest windsurfing and kite boarding areas in the United States on the Columbia River. To the east are substantial opportunities to camp, fish, hike, and sightsee. To the west, ski enthusiasts have the opportunity to challenge the ski slopes of

magnificent Mt. Hood and then relax at the numerous resorts that lie on Mt. Hood and at its base. Construction of the Columbia Gorge Discovery Center and Wasco County Historical Museum was completed in May 1997. Thousands of people visit the Center annually and it has become a popular site for many community festivities and events. Historic Downtown The Dalles is home to several wineries and a brewery, is home of the new National Neon Sign Museum and Jantzen Beach Carousel, has new restaurants and retail shops, murals, St. Peters Landmark and other historical buildings all of which draw visitors to the community.

### **Industrial/Commercial Land**

The Port of The Dalles Industrial Center encompasses the majority of the industrially zoned land within the City. This employment land is home to over 70 small to mid-sized companies employing over 2,200 people. Due to its past success, The Port of The Dalles now has an extremely limited supply of developable land. Nearly all of the remaining parcels available for development as only a few acres in size and there are no readily available parcels for larger scale development. This limited supply restricts the size of businesses that can be recruited to the area. Small construction projects and reinvestment into existing businesses continue to occur in the industrial area helping to foster a diverse industrial and commercial business sector. An EPA supported Brownfield program has made available \$600,000 to address properties that may have environmental contamination and are being used to support redevelopment. This varied mix of traded sector businesses has helped The Dalles weather several economic downturns, including COVID-19 in which the industrial area businesses were largely unaffected except for qualified labor challenges.

In 2005 Google purchased 30 acres from the Port of The Dalles to build its first facility in The Dalles and has since purchased an additional 30 acres from the Port and continued to expand its footprint in the community. At this time Google has two active Enterprise Zone agreements and has completed 4 main data center facilities with substantial supporting infrastructure. A prior Enterprise Zone agreement signed in 2005 has expired and the abated taxes added back to the tax rolls resulting in additional tax revenue for *all* tax districts in the City.

A new Strategic Investment Program (SIP) agreement has also been finalized for the construction of up to 2 additional large data center facilities on the former aluminum plant site. Similar to the Enterprise Zone program, the SIP program is different in several key ways. Most notably, the SIP agreement does levy taxes on a certain amount of the developments value, has a community service fee that will be distributed to taxing districts that levy taxes at the development site, along with an Initial Fee and Guaranteed Annual payment. This agreement also requires Google to transfer 35 acres of land, primarily the former Rodeo Grounds and The Dalles landfill to Wasco County.

### EDUCATION

Beginning in July 2020, Columbia Gorge Community College began construction of a student residential hall and a workforce training skills center in order to support our educational system. These two projects, both located on The Dalles Campus, represent the most significant expansion of the college's physical space in more than a decade. Both buildings opened in the fall term of 2021. The residential hall will provide affordable, long-term housing for students throughout our region, and the workforce skills center will support training in welding and metals fabrication, construction and other trades. CGCC has also partnered with the City and Klickitat County through its airport in the development of an aviation maintenance technician program. This program is hoped to be housed in a newly built hangar constructed utilizing U.S. Economic Development Administration (EDA) funds and will also extend utilities to several other airport business park

lots. The community will also vote on a major bond for the potential construction of a new High School in November 2023, to replace the current high school that was constructed in 1941.

## HEALTHCARE

Mid-Columbia Medical Center (MCMC) was recently acquired by the Adventist Health system and is now Adventist Health Columbia Gorge (AHCG), and remains the major hospital in the Mid-Columbia Region of Oregon and Washington. It is also the major trauma center in the region. This first-class medical facility has attracted numerous health care professionals to The Dalles area. Their Oncology Center, which once saved the region's population from traveling to Portland to receive those services and provides a multi-state option in the Northwest, closed many of their services early in 2023. A wellness center called Waters Edge that offers exercise equipment, lap and therapy pools, spa services, exercise and nutrition classes, along with cardiac and pulmonary rehab, outpatient therapies, and sleep medicine and labs remains operational along with the region's first immediate care center, bringing a much-needed service to the local community. This expansion of comprehensive wellness services into a convenient, community-based setting, makes it easier for residents to access the programs they need and enjoy for healthier living.

Like many other communities in Oregon, affordable/attainable housing is an increasing challenge along with a substantial rise in houselessness, addiction and mental health challenges. Mid-Columbia Community Action Council (MCCAC) is a key City partner in addressing housing concerns and with City support is currently construction a Navigation Center named, "The Gloria Center" to improve service provision and coordination. MCCAC was also awarded several million dollars under Project Turnkey 2.0 which it used to purchase and renovate the Oregon Motor Hotel into a transitional housing facility. This motel had substantial deferred maintenance and was already frequently used for transitional services via motel vouchers. MCCAC will now directly operate this facility and will have staff on-site 24 hours a day. The City also relies on the services offered by Mid-Columbia Center for Living (CFL) which provides behavioral and mental health services to the region. CFL faces significant funding and staffing challenges and recently went through a substantial administrative transition with the support of Wasco County.

## MAJOR INITIATIVES

The City constructed the Columbia River Marine Terminal in 2010, adjacent to the downtown area, as part of an effort to reconnect the downtown core to the riverfront. This year the City entered into a lease agreement with American Cruise Lines (ACL) to operate the dock for an annual fee of \$65,000. These funds will be critical to address ongoing maintenance and upgrades to the dock facility. Under this lease, ACL will be permitted first dock scheduling rights and will manage all other dockings within certain lease requirements that manage dock fees, dock availabilities, amongst other provisions. The dock continues to be used by one ship from the American Queen Steamboat Company and four from American Cruise lines, with an occasional stop from National Geographic. While docked in The Dalles, passengers are able to book visits to various attractions, such as the Discovery Center, National Neon Sign Museum, Fort Dalles Museum, or they can walk two blocks past the Festival Park to stroll through the downtown area.

The Columbia Gorge Regional Airport completed a "flex space" hangar several years ago that is home to the new Fixed Base Operator (FBO) as well as Life Flight, which bases a helicopter and Polaris aircraft in the "flex space" hangar, providing emergency transport for medical emergencies. The airport was also recently awarded several Critical Oregon Airport Relief grants for airport fuel

system upgrades, generators, as well as a roughly 3 million dollar FAA grant for critical airport apron and tarmac improvements.

The Urban Renewal Agency (URA) is working to renovate the older commercial areas of the community. A ten block Downtown Renovation Project was completed during the summer of 2001. A \$7 million dollar reconnection of the Downtown to the Columbia River was completed in FY 2003-2004 using Urban Renewal dollars, and they were matched two to one with other grant funds. In October 2009, a Full Faith and Credit Obligation Bond was obtained by the City, with over \$10 million of the proceeds going as a loan to the Urban Renewal Agency to refund their current bond and provide nearly \$8 million for Urban Renewal projects. The East Gateway public infrastructure, that included a round-about to manage traffic in a problem area, was completed in June 2010. That project leveraged approximately \$25 million in private investment, including a new winery now located in a vacant flour mill that employs close to 100 people. The Marine Terminal Dock and the new Lewis & Clark Festival Area, both Downtown/Riverfront Connection projects, were completed in the summer of 2012, at a cost of \$6.6 million.

The URA has moved forward with the demolition of the Tony's Town and County Department Store which involved the abatement of hazardous materials. The intent of the demolition is to create a site ready development parcel that the Agency may offer for sale to private developer who will redevelop it for a future housing and retail building in this prime downtown location. City staff has completed several required environmental assessment tasks in late 2021 and 2022 through an Environmental Protection Agency (EPA) grant program. The last step is asbestos removal and building demolition. The Agency hopes to complete the demolition of the building in late 2023.

The Urban Renewal Agency completed a controlled demolition on the Recreation Building roof, following its partial collapse in summer 2019. There was a negotiated settlement with CIS insurance to offset loss and demolition costs. Redevelopment of the Recreation Building site is currently underway, with two new storefronts occupied and open for business. The third storefront will be completed in winter 2023.

The 1929 Granada Theater Building, located on the same block as the Recreation building, was sold by the Agency in 2020. The theater now holds shows each weekend, including movies and live music performers. The owner of the Granada Theater also started a monthly outdoor live music series in summer 2022 and continued it in 2023 summer in nearby Lewis and Clark Park.

The Agency also completed demolition of the "Soda Works" building on the East end of the downtown. This project also utilized the City's Brownfield program. This building had been essentially abandoned for many years and it is hoped that the private property owner will revitalized the site following Agency assistance with demolition.

The Agency and City also terminated an agreement with ODOT and returned unused Federal grant funds for the First Street/Riverfront Connection Project after assessing that the Agency could complete the project more quickly and at lower cost without the additional administrative oversight and timelines associated with the grant dollars. The project includes a new street, sidewalk and utility lines along First Street between Union and Laughlin Streets. The new streetscape will be inviting, bicycle-friendly, and ADA-accessible for the first time in The Dalles' history.

## **ECONOMIC CLIMATE AND FUTURE**

State Tax limitation measures in 1990, 1996 and 1997 have limited property taxes. An upswing in the local economy up until the 2008 recession mitigated most of those impacts.

The City of the Dalles, through years of prudent management, has been able to withstand the economic impact of recent financial crises without diminishing services to our citizens. During the recession, some changes were made to reduce expenses, while continuing to maintain service levels. During the past year, revenues from water and sewer rates were determined to be adequate to maintain operations and fund reserves without implementing previously scheduled rate increases. Overall, the financial position of the City in the past year has been improved.

The City's management conditions are strong and supported by good financial practices and policies. The City's historical maintenance of strong and stable reserves and support of balanced operations continues. The City provides for long term financial planning by maintaining annually updated five-year Capital Improvement Plans for all departments, and long-range improvement plans for City infrastructure, including water, wastewater, and transportation systems. The City maintains a 20 Year Vision Plan and has an annual goal setting process and identifies those goals that will have a financial impact on subsequent budget development.

Currently, the community is facing challenges with school facility maintenance and construction as a result of a bonding authority that failed on the November 2018 ballot. School facility conditions have been attributed to the challenge of retaining highly qualified staff most notably for the hospital. The November 2023 ballot has a 140 million bond measure to construct a new high school.

## **CITY PLANNING**

### **Water Master Plan**

A Water Master Plan update was completed in 2006. A \$7.9 million water revenue bond was issued in 2007. Bond funds were used to construct a new clearwell and upgrade filters at the Wicks Water Treatment Plant, design a new reservoir, and enhance the Lone Pine Well. A new reservoir and associated pipelines were constructed in fiscal year 2010-2011, utilizing about \$6 million in grant and loan funds under the American Recovery and Reinvestment Act of 2009. The City completed a review of its water rates and capital needs in 2011 and adopted a rate plan to meet those needs. Additional revenue bonds that were planned to be issued in fiscal years 2016-2017 were not needed because increases in water utility rate revenues from increased residential, commercial and industrial water usage were sufficient to fund identified system improvements. Construction of a new Port Industrial Water Main, expansion of the Lone Pine Well and repainting of Columbia View Reservoir were completed in 2018-2019 utilizing rate revenues, system development charges, and outside private funding. Sorosis Reservoir was repainted in 2019-2020. In 2020-2021, work began on the final design of the Dog River Pipeline Replacement Project. In 2021-22, the final design of the Dog River Pipeline was mostly completed and work began on its construction; construction is scheduled to be completed in 2023-24. A total of \$9,030,000 has been secured in grants and low-interest loans to supplement City water utility rate revenues and SDCs to fund the project. Also in 2021-22, an RFP was advertised for an update of the City's Water Master Plan which will be completed in 2023-24 or 2024-25. In 2022-23, a SCADA System Upgrade Phase 1 project and repairs to the Sorosis Reservoir roof are budgeted, and funds are being accumulated for a future project to repaint the Garrison Reservoir.

### **Transportation System Plan**

A Transportation System Plan drafted in 1999 was updated and implemented in 2006. The plan was updated again in 2017 utilizing a Transportation Growth Management grant and Transportation System Development Charges. A five-year capital improvement plan, updated annually, has been implemented for street development and to provide preventative maintenance. A Transportation System Development Charge has been implemented. In 2019-2020, the East

Scenic Dr. Stabilization Phase II project and West 2nd Street/Cherry Height intersection improvements project were completed. In 2020-21, the West 15th Street reconstruction project was initiated and completed in 2021-22, and an annual ADA Sidewalk Ramp Upgrade project was completed. In 2021-22 the Scenic Drive Stabilization Phase III was initiated. Projects were also completed which focused on improving surfaces and integrity of streets. In 2022-23, funds are budgeted for an annual ADA Sidewalk Ramp Upgrade project, a 50/50 cost share Sidewalk Maintenance Program, and the West 6th Street Improvements project.

### **Storm Water Master Plan**

Storm Water Master Plan was completed in 2007. A System Development Charge and a storm water utility charge have been implemented. In 2022-23, a project is planned to construct a new storm water collection system in East 12<sup>th</sup> Street using American Rescue Plan Act (ARPA) funds in support of a new sidewalk construction project.

### **Columbia Gateway Urban Renewal Agency**

The Columbia Gateway Urban Renewal Agency, a component unit of the City of The Dalles, operated throughout the 2022-2023 fiscal year. The Agency consists of an Urban Renewal District, formed by the citizens, to resolve issues of blight within the boundaries of the District. Ordinance No. 09-1301 adopted an amendment to the plan on June 22, 2009. This amendment established the expiration of the district as the projected year of the district's maximum indebtedness, now estimated to be 2029. The Agency did levy and collect tax increment proceeds during FY 22/23.

### **Housing Needs Analysis and Residential Buildable Land Needs Assessment**

A comprehensive Housing Needs Analysis and Residential Buildable Land Needs Assessment were completed in 2016/17, this project, in compliance with Oregon Planning Rules #10, identified types of housing needs and assessed future developable land needs. The City obtained a State Transportation and Growth Management Grant to complete state required housing code amendments. The amendments were approved unanimously by the City Council in June 2021. The City has recently begun a process to update the HNA as well as align with Governor Kotek's objectives to increase housing production due to the housing crisis. An update to the Buildable Land Inventory as industrial land, in particular the Google sites, is developed.

## **FINANCIAL INFORMATION**

### **Accounting System and Budgetary Controls**

The City's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenue being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's proprietary fund type are maintained using the accrual basis of accounting.

The City's management is responsible for establishing and maintaining an internal control structure designed to protect the assets of the City from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. Management recognizes the significance of internal controls, which are incorporated in the accounting system. We believe our internal accounting controls adequately

safeguard the assets and provide reasonable assurance of proper recording of all financial transactions.

A budget is prepared and legally adopted by the City Council for each fund. All changes to the budget must be approved by the City Council. These budgets are all prepared on the modified accrual basis of accounting, complying with Oregon Local Budget Law. The ordinance authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. All funds, excluding the General Fund, maintain levels of budgetary control for personnel services, materials and services, capital outlay, special payments, operation contingencies, debt service and all other requirements levels. For the General Fund, appropriations are at the department level for personal services, materials and services, capital outlay and other uses.

Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriations ordinance. A supplemental budget requires hearings before the public, publications in newspapers and approval by the City Council, if the change is greater than, or equal to, 10% of the original budget. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the City Council. The City Council approved several appropriation transfer resolutions during the year ended June 30, 2022. Appropriations lapse at year-end.

The City has established a procurement policy for the purchases of goods and services. Any items over \$5,000 purchased by the City require a purchase order. Purchase orders are initiated at the department level and are reviewed at the Finance office. Purchase orders greater than \$25,000 require the approval of the City Manager and those greater than \$100,000 require City Council approval.

The City Council has a comprehensive set of Fiscal Management Policies in June 2011. These policies updated and compiled existing policies on budgeting, revenues and expenditures, public contracting, purchasing authority levels, capital asset and capital improvements, cash management and investments, debt, risk management, and accounting and financial reporting.

## **OTHER INFORMATION**

### **Management Discussion and Analysis**

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditor.

### **Independent Audit**

Chapter 297 of the Oregon Revised Statutes requires an independent audit be made of all City funds and account groups within six months following the close of a fiscal year. The independent auditors, who were selected by the City Council, have completed their audit of the City's funds and their opinion and State of Oregon required audit comments and disclosures are included in this report.

### **GFOA Certificate of Achievement for Excellence in Financial Reporting**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of The Dalles for

its comprehensive annual financial report for the fiscal year ended June 30, 2022. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

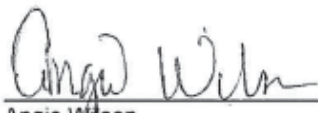

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

**Acknowledgments**

The preparation of this report on a timely basis has been accomplished through diligent efforts of the Finance Department's entire staff and staff from other departments. I should like to express my appreciation to all the members of this department for their assistance and contributions to its preparation. I also thank the mayor and members of City Council for their interest and support in planning and conducting the financial operations of the City.

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council  
City of The Dalles, Oregon

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of the Dalles, Oregon (the City) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter – Restatements of Beginning Net Position and Fund Balance*

As discussed in Note 1 to the financial statements, the City recorded various restatements to the beginning net position and fund balances. Our opinion is not modified with respect to this matter.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, general fund and major special revenue fund budgetary comparison information, and certain other post-employment benefit schedules as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The general fund and major special revenue fund budgetary comparison information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the general fund and major special revenue fund budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information as listed in the Table of Contents and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information as listed in the Table of Contents and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information Included in the Annual Comprehensive Financial Report***

Management is responsible for the other information included in the Annual Comprehensive Financial Report (ACFR). The other information comprises the Introductory Section and Statistical Section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

**Other Reporting Required by *Oregon State Regulations***

In accordance with Oregon State Regulations, we have also issued our report dated December 15, 2023 on our consideration of the City's compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, including the provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules 162-10-0000 through 162-10-0320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*. The purpose of that report is to describe the scope of our testing necessary to address the required provisions of ORS, and not to provide an opinion on compliance with such provisions.

## **MANGEMENT'S DISCUSSION AND ANALYSIS**

---

**CITY OF THE DALLES  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FISCAL YEAR ENDED JUNE 30, 2023**

This discussion and analysis presents the highlights of financial activities and financial position for the City of The Dalles, Oregon. The analysis focuses on significant financial issues, major financial activities and resulting changes in financial position, budget changes and variances from the budget, and specific issues related to funds and economic factors affecting the City.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes. Please read it in conjunction with the Transmittal Letter (page i) and the City's financial statements. Changes discussed below exclude the impact of restatements of net position and fund balance which are outlined in Note 1 to the financial statements. Additionally, changes discussed below are from restated net position and fund balance figures. Prior year balances have not been adjusted to reflect the effect of restatements.

**HIGHLIGHTS**

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at June 30, 2023 by \$134,361,911 (net position). Of this amount \$90,650,815, was invested in capital assets (net of related debt). \$9,779,961 was restricted for specific purposes, resulting in unrestricted net position of \$33,931,135. The unrestricted net position is made up of unrestricted governmental net position of \$27,763,345 and unrestricted business-type net position of \$6,167,790.
- The City's net position increased by \$5,958,198 (4.6%), a lesser amount than the prior year due primarily to a reduction in capital grants and contributions while expenses increased.
- The City's Governmental Funds had an increase in fund balances in the amount of \$2,477,336. The General Fund balance increased by \$1,390,464. The Street Fund balance decreased by \$139,406. The Special Grants Fund balance increased by \$12,404 and Nonmajor funds increased by \$1,213,874. The City prepares a budget for all governmental funds annually.
- The City's Enterprise Funds experienced an increase in net position of \$2,209,151, a lesser amount than the prior year due primarily to a reduction in miscellaneous revenue with an increase in expenses. The City prepares a budget for all enterprise funds annually.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The City's annual comprehensive financial report consists of several sections. Taken together they provide a comprehensive financial report of the City. The components of the report include the following:

**Management's Discussion and Analysis.** This section of the report provides financial highlights, overview and economic factors affecting the City.

**Basic Financial Statements.** Includes a Statement of Net Position, a Statement of Activities, fund financial statements and the notes to the financial statements.

Statements of Net Position and Activities focus on an entity-wide presentation using the accrual basis of accounting and provide both long-term and short-term information about the City's financial status. The Governmental activities include most of the City's basic services such as police, street maintenance and improvement, community planning and governance. The Business-type activities include the operation of the City's water and wastewater utilities.

**CITY OF THE DALLES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2023**

Fund financial statements focus separately on major governmental funds and proprietary funds. Governmental fund statements follow the more traditional presentation of financial statements. The City's major governmental funds are presented in their own column and the remaining funds are combined into a column titled "Nonmajor Governmental Funds".

Statements for the City's proprietary funds follow the governmental funds and include net position, revenues, expenses and changes in fund net position, and cash flows.

The notes to the financial statements provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding the City's financial condition.

**Required Supplemental Information (RSI).** The RSI section includes budget to actual schedules for the General Fund and major special revenue funds including the Street Fund and Special Grants Fund as well as certain schedules relating to the City's other post-employment benefits (OPEB) plan.

**Other Supplemental Information.** Readers desiring additional information about other funds not represented in the Basic Financial Statements can find it in this section of the report. Included within this section are:

- Combining Schedules of other governmental funds including special revenue, debt service and capital projects funds, which are classified as non-major. These schedules include balance sheets and schedules of revenues, expenditures and changes in fund balances.
- Combining Schedule of the General Fund. These schedules include a balance sheet and schedule of revenues, expenditures and changes in fund balance. The Public Works Reserve Fund, Transportation System Reserve Fund, and Unemployment Reserve Fund are budgetary funds required by Oregon Budget Law, but do not qualify as funds based on GASB 54 therefore they are combined into the General Fund to create the General Fund.
- Budgetary Comparisons. Budgetary information for all funds, except General Fund, Street Fund and Special Grants Fund, which are presented within the Basic Financial Statements, are presented here.
- Other Financial Schedules complete the Financial Section of this report which include combining schedules for All Water Funds and All Wastewater Funds as well as budget to actual schedules for all proprietary funds including the 2018 Utility Bond Fund with legally adopted budgets.

**FINANCIAL SUMMARY AND ANALYSIS**

As mentioned earlier, the City's net position as of June 30, 2023 was \$134,361,911, an increase from June 30, 2022 of \$5,958,198. By far the largest portion of the net position is comprised of the City's investment in capital assets (e.g., land, building, equipment, and public infrastructure), less any related debt outstanding that was used to acquire those assets. The City uses capital assets to provide services to citizens; therefore, these assets are not available for future spending. The resources to repay the related debt is not provided by capital assets but will be provided from other sources.

The governmental activities revenue comes primarily from property taxes, franchise fees, charges for services, and various grants and contributions. Between FY21/22 and FY22/23, the City's Taxable Assessed Value (TAV) increased by 28.6%. When compared to the prior year, City property taxes collected increased by 20.2%. When compared to the prior year, Urban Renewal District property taxes collected increased by 5.6%.

Our natural gas franchise fees increased 27.56% over the prior year. This is primarily due to increases in natural gas prices during the year. The electric franchise fees increased 30.44%, while CATV/internet franchise fees decreased 1.35%, and the garbage franchise fees increased 10.98%. The Street Fund realized a 2.70% decrease in the local 3 cent per gallon gas tax. Transient Room Taxes collected increased 1.97% compared to the prior year. Total City charges for services revenue showed a 1% increase.

During the year ending June 30, 2023, the City received revenue from capital grants and contributions that consist primarily of awards for specific special projects. These will not be a continuing source of revenue. Grants and contributions received during the fiscal year included \$442,483 for the CDBG Housing Grant for Integrated Planning Grant, The Brownsfield Grant in the amount of \$210,437, and \$440,000 in ARPA Economic Recovery Funds.

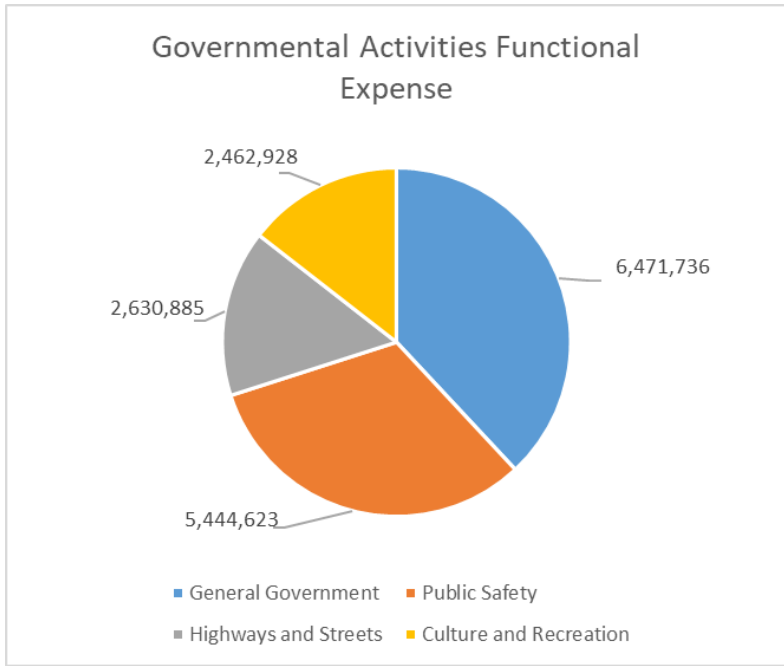

The City's governmental expenses cover a wide variety of services, with general government, public safety and streets accounting for most of these expenses. The 37.9% increase in governmental expenses was primarily due to increase in personnel services and capital outlay expenses for the transportation department and legal department.

The Business Type activities revenues come mostly from charges for services and various grants for capital outlay expenses for several projects, including the Trevitt street and 8th through 12th street Sanitary Sewer Project, Sorosis Reservoir roof repair project, Slipline 2022 Project, Rehab Wicks Well and the ongoing Dog River Pipeline Project. No water or wastewater rate increases were implemented during the year.

**CITY OF THE DALLES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2023**

Business type activities expenses increased 6.9%, primarily due to increases in material and services and personnel service in the Wastewater Funds.

Property taxes are the City's primary on-going source of revenue and comprise 40.7% of the City's governmental revenue. Property taxes are derived from the permanent tax rate and taxes levied for the repayment of bonded indebtedness.

**GOVERNMENTAL ACTIVITIES**

A significant portion of the increase in net position being less than the prior year is primarily due to the City's increase in general government expenses and a decrease in Economic Recovery Grant received from the American Rescue Plan Act (ARPA) from the prior year.

**BUSINESS-TYPE ACTIVITIES**

The increase in net position of the business-type activities is less than the prior year due primarily due to the ongoing Dog River Pipeline Replacement Project, Sewer Slipline Contract and Trevitt and 8<sup>th</sup> through 12<sup>th</sup> street Sanitary Sewer Upgrade as described previously.

**CITY OF THE DALLES  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2023**

**FINANCIAL ANALYSIS OF FUNDS**

As of June 30, 2023, the City's governmental funds reported a combined fund balance of \$25,895,070, which is an increase of \$2,477,336 from June 30, 2022.

The General Fund is the primary operating fund of the City. The General Fund has been combined with the Public Works Reserve Fund, the Street/Bridge Replacement Fund and the Unemployment Fund, as required by GASB 54. As of June 30, 2023, the combined General Fund balance was \$9,399,759 which is an increase of \$1,390,464 from June 30, 2022. The combined revenues were \$10,911,268 and combined expenditures were \$10,677,010, resulting in an excess of revenues over expenditures of \$244,258. The combined General Fund received transfers from other funds in the amount of \$1,861,106 and transfers out to other funds in the amount of \$737,008. This, combined with lease inceptions of \$22,108, resulted in net "Other financing sources" totaling \$1,146,206.

The Street Fund balance as of June 30, 2023 was \$1,705,535, which is an decrease of \$139,406 from June 30, 2022. Street Fund revenues were \$1,976,929, while expenditures were \$2,555,146, resulting in a deficit of revenues under expenditures of \$578,217. Transfers in from other funds in the amount of \$805,981 and transfers out to other funds in the amount of \$406,515 This, combined with sales of property for \$39,345 resulted in net "Other financing sources" totaling \$438,811.

The Special Grants Fund balance as of June 30, 2023 was \$3,293,378, which is an increase of \$12,404 from June 30, 2022. Revenues totaled \$1,322,067, while expenses were \$1,309,663.

Proprietary funds provide the same type of information as presented in the government-wide statements of net position and activities, but in more detail. The proprietary funds net position amounted to \$66,575,102 as of June 30, 2023, reflecting a \$2,209,151 increase from net position as of June 30, 2022.

The combined Water Funds net position as of June 30, 2023 was \$31,671,998, which is an increase of \$1,089,333 over June 30, 2022. This increase is primarily due to accumulating funds in the Water Capital Reserve to implement the capital improvement plan, including the Dog River Pipeline Replacement Project.

The combined Wastewater Funds net position as of June 30, 2023 was \$41,297,891, which is an increase of \$496,243 from June 30, 2022. This increase is primarily due to accumulating funds for the construction-in-progress projects to include the Sewer Slipline contract and the Trevitt Street Sanitary Sewer Phase I.

The 2018 Utility Bond Fund net position as of June 30, 2023 was (\$6,394,787) which is an increase of \$623,575 from June 30, 2022. This increase is primarily due to transfers exceeding debt service expenses as reported on the Statement of Activities.

**BUDGETARY HIGHLIGHTS**

The original legal appropriations for fiscal year 2022-2023 for the General Fund – Budgetary Basis totaled \$11,900,744, with contingency of \$950,493. The Unappropriated Ending Balance, which is not included in the legal appropriations, was \$3,177,509. Budget amendments during the year resulted in a total budget of \$12,355,004, with a contingency of \$402,058. The changes to the budget were made to cover expenses for additional compensation for the Planning Department to complete the community visions project, procurement of body armor vests for the police department, a new lease for mobile computers for the police department, higher than anticipated legal services, adding a new facilities manager for the Community Development Department, an assessment of IT systems, purchase of a more robust IT cyber security policy, and additional compensation to the police department for additional overtime. Expenditures for the General Fund were \$4,106,962 under budget. The General Fund contains the City Administration, Legal, Finance, Planning, Police, and General Maintenance Departments, and budgets for certain anticipated levels of operations, maintenance and projects, along with a 10% Contingency. Some departments, such as Police, budget some items at a worst-case level. Department Managers are expected to work within their budgets and to try to return an average of 4 to 5% of their budgets to roll into the next year. It is also anticipated that the contingency will not be spent and will be available for the beginning fund balance in the new fiscal year.

**CAPITAL ASSETS**

As of June 30, 2023, the City had invested \$90,674,190 in capital assets of its governmental and business-type activities. This investment includes leases, land and land improvements, buildings, equipment, and public infrastructure of roads and bridges. The investment in governmental activities capital assets decreased by \$277,991 and business-type activities capital assets increased by \$4,107,959, significant additions during the year ending June 30, 2023 were related to the ongoing Dog River Pipeline Replacement Project, rehab of Wicks Well, Trevitt Street Sanitary Sewer, The Slipline 2022 Project, East Scenic Drive Stabilization Project, 2023 ADA Sidewalk Program, 2023 Overlay Program, East 9<sup>th</sup> Street galvanization, Getac tablet computers, Sorosis Reservoir roof repair, and a 2009 Freightliner.

Additional information on the City's capital assets may be found in Note 9 of the financial statements.

**DEBT ADMINISTRATION**

The total governmental long-term debt outstanding at June 30, 2023 was \$6,113,540. Business-type activities long-term debt outstanding was \$13,122,670. During the year the City added direct borrowings of \$1,934,400. A summary of the City's long-term debt outstanding is as follows:

	Governmental Activities		Business-Type Activities		Total	
	2023	2022	2023	2022	2023	2022

The City operates the Mid-Columbia Regional Airport as a joint venture with Klickitat County, Washington. The City has acted as a conduit for debt for the Airport. The City has not recorded this debt as it was not anticipated that the City would be required to use its resources for repayment. The balance outstanding at June 30, 2023 includes the following:

Airport Klickitat County CERB Loan	<u>\$ 300,000</u>
TOTAL	<u><u>\$ 300,000</u></u>

Compensated absences totaled \$641,965 as of June 30, 2023. Governmental accruals totaled \$424,996 but are not recorded as a liability in the Governmental Funds. Business-type compensated absences accrual totaling \$216,969 are recorded as current period liabilities as of June 30, 2023, because the oldest leave hours accrued are considered to be used first, so the balances are updated during the year by use and new accruals. The liability for other postemployment benefits totaled \$415,535. The breakdown was \$255,137 for governmental activities and \$160,398 for business-type activities.

Additional information on the City's long-term debt may be found in Note 11 of the financial statements.

**ECONOMIC FACTORS**

Each year, the City of The Dalles has a variety of projects and partnership that are being explored, developed and executed, in order to tackle community challenges and embrace opportunities that will foster economic growth, sustainability, and resiliency.

To begin, investments in Public Works infrastructure are the foundation of any community and need to be prioritized to ensure the supply of basic necessities such as water and resulting waste water management. To that end, the City has begun work on the Dog River Pipeline replacement project. This project will replace an over 3 mile segment of water line that is 110 years old and carries nearly 54% of the City's water supply. This pipeline is made of wood and at peak flow would leak nearly 1 million gallons a day. An Aquifer Storage and Recovery system feasibility study has been completed with potential financing in place and the City is also moving forward with an update to the City's Water Master Plan which will incorporate new infrastructure being developed in coordination with industrial and commercial users as well as address potential impacts from climate change. Public Works investment also include repairs and improvements to our reservoirs as well as continuing to execute of ADA ramp transition plan and maintaining the Pavement Management Index. One project will replace failing and undersized sanitary and storm sewer mains in a 5-block section of Trevitt Street. Monies are also being saved in reserve funds for future Transportation, Water and Sewer projects.

The Urban Renewal Agency completed a controlled demolition on the Recreation Building roof, following its partial collapse in summer 2019. There was a negotiated settlement with CIS insurance to offset loss and demolition costs. The Agency has completed the demolition of the Tony's Building and is engaging the Urban Renewal Agency on the future re-development of the property.. Redevelopment of the Recreation Building site is currently underway, two new storefronts completed which include retail as well as a ice cream/candy shop. The third storefront is nearing completion and will become an outdoor space that will complement an adjacent restaurant. The 1929 Granada Theater Building, located on the same block, was sold by the Agency in 2020. The theater now holds shows each weekend, including movies and live music performers. The Agency is also continuing efforts to move forward with the 1st Streetscaping Project and recently returned grant funding and severed the project relationship with ODOT. This decision will allow the project to move forward more quickly and at a lower cost. The project includes a new street, sidewalk and utility lines along First Street between Union and Laughlin Streets. The new streetscape will be inviting, bicycle-friendly, and ADA-accessible for the first time in The Dalles' history. The Agency has also had preliminary discussions with the City around the development of a plaza on downtown Federal St., and will likely be assisting the City in the development of a new parking lot on 3rd St., in support of several new projects in the downtown core including a nearly 100 unit mixed use vertical housing product in the downtown as well as a new grocery store located at the former Chronicle building, and the relocation of County administrative offices into the former Greater Oregon Behavioral Health (GOBHI) building.

FISCAL YEAR ENDED JUNE 30, 2023**

The Enterprise Zone still has several active abatements and zone sponsors have adjusted some of the employment requirements due to the Covid-19 pandemic and labor challenges. City and County leadership also completed incentive negotiations with Google for up to 2 new data centers under the States Strategic Investment Program (SIP). SIP and EZ provide up to 15 years of tax abatement but the SIP has several distinct components where a portion of the development is taxed and there is a community service fee that will be distributed to all taxing districts that levy taxes at the development site.

The City continues to be in partnership with the Port of The Dalles and Wasco County for joint work required concerning the Columbia River Gorge Commission "Gorge 2020" Management Plan for the Columbia River gorge national Scenic Area. The City is also leading a Brownfield Coalition Assessment Grant program in partnership with the Port and Wasco County, this program seeks to mitigate environmental concerns with underutilized property and get them into more productive use.

Last year changes were also been made to the City's code to encourage various types of housing developments. The Columbia Gorge Regional Airport successfully completed the installation of bulk Jet A tanks and are now in the planning and grant searching/submission stage (such as an OEM, BIL, and/or COAR grants) for projects such as construction of a new fuel tank and pump station in coordination with the decommissioning of the existing underground fuel system. Other upcoming projects include design and bidding for the South Apron Rehab, fuel apron design and planning, and Quonset building paint/roof repairs. There are continued inquiries about additional private hangar construction and the Airport is exploring options for how to support such construction. The North Apron Rehabilitation project has been completed and is awaiting the final FAA closeout report so the final drawn down can be completed. The Airport continues to have record fuel sales of over \$260,000 this year despite a less robust fire season as prior years. Continued growth in private jet, military, and general public aviation activity has played a strong role in these sales. The flowage fees associated with these sales is just over \$18,000.

The Dalles continues to face challenges with housing, school infrastructure, homelessness, and limited industrial and commercial land as a result of the Urban Growth Boundary. The UGB is a complicated process because the City is also located in the National Scenic Area and a process for expanding the UGB, incorporating this dynamic, has been challenging to establish.

**FINANCIAL CONTACT**

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. The Columbia Gateway Urban Renewal Agency has issued a separate report, which is available for those who are interested.

If you have questions about the report or need additional information, please contact the City Finance Director at 313 Court Street, The Dalles, Oregon.

TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2023**

TOTAL NET CHANGE IN FUND BALANCES - governmental funds		\$ 2,477,336
Amounts reported for governmental activities in the statement of activities are different because:		
The Statement of Revenues, Expenditures, and Changes in Fund Balances report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period		
Current year depreciation	\$ (1,070,514)	
Current year additions	1,897,401	
		826,887
The City has equity interests in two joint ventures. The allocated gain from these investments are not current financial resources and therefore is not reported in the governmental funds		
		267,172
Some revenue reported in the statement of activities do not provide current financial resources the governmental funds		
Property taxes, Fines and forfeitures, and Miscellaneous revenues		(323,092)
With the implementation of GASB 87, lease assets are recognized as an intangible right of use asset and are amortized over their estimated useful life and lease liabilities are recognized at the net present value of all future lease payments in the Statement of Net Position. In the current year principle payments exceeded amortization.		
		(5,118)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net position. This is the amount by which repayments exceeded proceeds.

## **NOTES TO THE BASIC FINANCIAL STATEMENTS**

---

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 1 - Summary of Significant Accounting Policies**

**Reporting Entity**

The City of The Dalles (the City), is organized under the general laws of the State of Oregon. The City Council, composed of the mayor and five Council members, comprises the legislative branch of the City. Individual departments are under the direction of the City Manager, who is appointed by the City Council. The accompanying financial statements present all activities, funds and component units for which the City is considered to be financially accountable.

The governmental reporting entity consists of the City, the primary government, and its component unit. Component units are legally separate organizations for which the City is financially accountable, or other organizations whose nature and significant relationship with the City are such that the exclusion would cause the City's financial statements to be misleading or incomplete. Based upon the evaluation of this criteria, the basic financial statements include the Columbia Gateway Urban Renewal Agency. The blended component unit is considered part of the City's operations, and so financial information from this unit is combined with the information of the City.

The criteria used in making this determination includes appointment of a voting majority, imposition of will, financial benefit or burden on the primary government, and fiscal dependency on the primary government. Based upon the evaluation of this criteria, the City is a primary government with the following includable component unit.

***Blended component unit*** – The Columbia Gateway Urban Renewal Agency (the Agency) was formed to undertake urban renewal projects and activities pursuant to the City's redevelopment plan. The Urban Renewal Board of Directors is currently a 9-member body made up of representatives from local taxing districts, the City Council, and citizens at large.

Blended component units, although legally separate entities are, in substance, part of the government's operations and data from these units are combined with data of the primary government. The Columbia Gateway Urban Renewal Agency is a blended component unit and, in substance, is part of the City's operations, although it is a legally separate entity. The City provides accounting and operational support for the Columbia Gateway Urban Renewal Agency and has a June 30 year-end. Complete financial statements for the Agency may be obtained at the City's administrative offices, 313 Court Street, The Dalles, OR 97058.

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the City (the primary government) and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Government activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from the business-types activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Measurement Focus, Basis of Accounting and Basis of Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus and the accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the functions of the City, the elimination of which would distort the direct cost and program revenues reported for the various functions concerned. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental fund financial statements are reported using *the current financial resources measurement focus and the modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Significant revenues, which are susceptible to accrual under the modified accrual basis of accounting, include property taxes and federal and state grants. Other revenue items are considered to be measurable and available when received by the City. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The bases of accounting described above are in accordance with accounting principles generally accepted in the United States of America.

The City reports the following major governmental funds:

**General Fund** - The General Fund is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. Principal sources of revenue are property taxes, franchise fees, hotel-motel tax, and state shared revenues. Expenditures are primarily for general government operations, public safety (police), and culture and recreation.

**Street Fund** - The Street Fund accounts for the cost of maintaining City streets and storm water drainage systems. Principal sources of revenues are state gasoline taxes apportioned from the State of Oregon, local fuel taxes, charges for services to other funds, and transfers.

**Special Grants Fund** - The Special Grants Fund accounts for the financing of public improvements or services deemed to benefit primarily the properties against which the assessments are levied. Principal sources of revenues are assessment principle and interest collected.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 1 - Summary of Significant Accounting Policies (continued)**

The City reports the following major proprietary funds:

**Water Funds** - The Water Funds accounts for revenues and expenses related to the City's water utility operations.

**Wastewater Funds** - The Wastewater Funds account for revenues and expenses related to the City's wastewater utility operations.

**2018 Utility Bond Fund** - The 2018 Utility Bond Fund accounts for the accumulation of resources for, and the repayment of, general long-term debt principal and interest relating to the Series 2018 Revenue and Refunding Bond.

The City also includes the following fund types as other governmental funds:

**Special revenue funds** - Special revenue funds are primarily operating funds that account for revenue derived from specific taxes or other revenue sources, which are legally restricted to finance particular functions or activities. When a special revenue fund is not an operating fund, transfers are made from the special revenue fund to the operating funds authorized to make expenditures.

**Capital projects funds** - Capital projects funds account for expenditures on major construction projects or equipment acquisitions. The principal sources of revenues are proceeds from long-term obligations issued to finance capital acquisitions and improvements.

**Debt service funds** - Debt service funds account for the resources accumulated and payments made for principal and interest on long-term debt for governmental funds.

**Cash and Cash Equivalents**

The City's cash and cash equivalents include cash on hand, demand deposits, and investments in the Oregon State Treasury Local Government Investment Pool (LGIP).

The City maintains merged bank accounts and investments for its funds in a central pool of cash and investments. The investment policy of the City is to invest in LGIP and interest-bearing demand deposits with local banks and to transfer resources to the general checking account as the need arises. This policy is in accordance with ORS 294.035, which specifies the types of investments authorized for municipal corporations. The City allocates earnings on investments to each fund based on average monthly cash balances throughout the year. For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) purchased with a maturity of three months or less to be cash equivalents.

Investments in the Local Government Investment Pool are stated at amortized cost, which approximates fair value. All other investments are reported at fair value.

**Receivables and Payables**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not available expendable financial resources.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Receivables and Payables (continued)**

Other receivables including property taxes, accounts, entitlements, and shared revenues are reported in accordance with the policies enumerated in the Government-Wide and Fund Financial Statements paragraph above. An allowance for bad debts is carried in the enterprise funds. The City has strong enforcement procedures including shut off of utility services. An allowance for bad debt is not carried in the governmental funds because the City has determined that any uncollectible amount would be immaterial to the financial statements.

**Inventories and Prepaid Expenses**

Inventories in Street, Water and Wastewater Funds are determined by annual physical count and are stated at cost.

Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost when actual cost is not available. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is expensed.

Property, plant and equipment of the City is depreciated using the straight-line method over the following estimated useful lives:

Furnishings and equipment	5-7 years
Infrastructure	10-60 years
Land improvements	5-100 years
Buildings	30-100 years
Other	5-100 years
Right of use assets - lease	Life of the lease

It is the City's policy to record no depreciation on capital assets in the year of acquisition and a full year of depreciation in the year of disposition.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expenditure) until then. The City's only deferred outflow of resources is a deferred charge incurred on refunding of bonds.

**CITY OF THE DALLES

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Deferred Outflows/Inflows of Resources (continued)**

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City recognizes deferred inflows related to the OPEB liability and for lease revenue to be earned in future periods in the government-wide financial statements. The City has two items that qualify for reporting in this category under the modified accrual basis of accounting. The item "unavailable revenue," is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes court and assessments, notes and leases receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also records a deferred inflow of resources in the governmental funds balance sheet for lease revenue to be earned in future periods.

**Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt obligations are reported as liabilities in the applicable governmental activities or business-type activities Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the lives of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Compensated Absences**

It is the City's policy to permit employees to accumulate earned, but unused, vacation, compensatory time, and sick pay benefits. No liability is reported for unpaid accumulated sick pay benefits. All vacation and compensatory time pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Compensated absences are normally paid from the General, Library, Street, Water, and Wastewater funds. The entire balance of compensated absences has been reported as due within one year because the oldest leave hours accrued are considered to be used first, so the balances are constantly being updated by use and new accruals.

**Investment in Joint Ventures**

Investment in joint ventures with other governments is reported at cost plus or minus the City's share of operating income or loss utilizing the equity method of accounting for investments.

**Postemployment Benefits Other than Pensions (OPEB)**

For purposes of measuring the OPEB liability and OPEB expense, the City relies on actuarial calculations.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Leases**

A lessee is required to recognize a lease payable and an intangible right-to-use lease asset. A lease payable is recognized at the net present value of future lease payments and is adjusted over time by interest and payments. Future lease payments include fixed payments. The right-to-use asset is initially recorded at the amount of the lease liability plus prepayments less any lease incentives received prior to lease commencement and is subsequently amortized over the life of the lease.

The City has chosen not to implement GASB 87 for the budgetary basis of accounting. For both the budgetary basis of accounting and for leases that do not meet the criteria for valuation under GASB 87, the City will report inflows of cash for lessor leases and outflows of cash for lessee leases.

The measurement of leases receivable is based on the present value of lease payments expected to be received during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee. A number of leases have a maximum possible term of 12 months (or less), including options to extend, regardless of their probability of being exercised. Those payments are recognized as inflows of resources based on the payment provisions of the lease contracts and are therefore excluded from the schedule in this section.

**Operating Revenues and Expenses, Non-operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for sales of water, sewer, and electrical services. Operating expenses are necessary costs incurred to provide the goods or services that is the primary activity of the fund.

Non-operating revenues and expenses of the City are those revenues and expenses not directly related to the service provided by the fund. Non-operating revenues and expenses include interest, grants, and gain or loss on disposition of capital assets.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**Fund Balance**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components.

- **Non-spendable** – Amounts not immediately converted to cash, such as prepaid items and inventory.
- **Restricted** – Includes amounts that are restricted by external creditors, granters or contributors, or restricted by enabling legislation.
- **Committed** – Includes amounts that have been committed by resolution by the City Council which is the City's "highest level of decision-making authority." Committed amounts may not be used for any other purpose unless the City Council removes the constraint by similar council action. Commitments of fund balance must be made prior to the end of the fiscal year.

CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Fund Balance (continued)**

- **Assigned** – Includes amounts assigned for specific purposes by council action who authorizes, by resolution, the City Manager to assign fund balance. Assigned fund balance is also established by the Council through adoption or amendment of the budget as intended for specific purpose.
- **Unassigned** – This is the residual classification used for those balances not assigned to another category. Only the general fund may have an unassigned balance.

**Use of Restricted Resources**

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use it is the City's policy to use committed resources first, then assigned, and then unassigned as they are needed.

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or law or regulations of other governments. For specific details see the statement of net position.

**Net Position**

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- **Net investment in capital assets** – This consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- **Restricted net position** – This consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- **Unrestricted net position** – Includes the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

**Restatements of Beginning Net Position and Fund Balance**

For the year ended June 30, 2023, restatements of previously reported balances were identified as follows:

Governmental and Business-type beginning fund balances were restated due improper recording of a prepaid as the cost was incurred in the prior fiscal year. Also and where noted, a misallocation of cash receipts was recorded to the Urban Renewal Agency Fund which should have been recorded to the General fund. This error required a restatement in the Urban Renewal Agency's stand-alone financial statements. The effect of these corrections is as follows:

<b>Fund Balance</b>	Balance June 30, 2022 as previously reported	Restatement	Balance June 30, 2022 as restated
General Fund	\$ 8,067,289		
Prepaid asset error		(69,997)

Water Utility Fund	651,869	(36,996)	614,873
Wastewater Fund	\$ 942,998	\$ (23,256)	\$ 919,742

Special Grants Fund beginning fund balance was restated in relation to advanced paid grant monies received and recorded as revenue as a whole prior to incurring associated grant expenditures as required for revenue recognition.

Special Assessments Fund beginning fund balance was restated in relation to the accrual of an uncollectible balance in accounts receivable and an improper deferral of revenue. The effect of these corrections is as follows:

Fund Balance	Balance June 30, 2022 as previously reported	Restatement	Balance June 30, 2022 as restated
Special Grants Fund	\$ 4,961,351	\$ (1,680,377)	\$ 3,280,974

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Restatements Due to Correction of Accounting Errors (continued)**

Governmental Activities beginning net position was restated as a result of the previously noted errors affecting governmental funds, to correct repair and maintenance expenditures which were incorrectly capitalized as construction in progress, to correct unamortized bond premiums which were done on the straight-line basis although the interest method is required and to correct for assets held-for-sale which were sold but derecognized. The effect of these corrections is as follows:

<b>Net Position</b>	Balance June 30, 2022 as previously reported	Restatement	Balance June 30, 2022 as restated
Governmental Activities	\$ 65,938,466		
Grant revenue recognition error		(1,680,377)

Assets held-for-sale error		(40,000)	
		<u>\$ (1,900,704)</u>	\$ 64,037,762

All Water Funds, All Wastewater Funds and 2018 Utility Bond Fund beginning net position balances were restated as a result of the previously noted errors in prepaid expenses, the nonaccrual of unbilled revenue for utility services provided to customers which were not yet billed as of year-end and amortization errors in the deferred charge on refunding. The effect of these corrections is as follows:

<b>Net Position</b>	Balance June 30, 2022 as previously reported	Restatement	Balance June 30, 2022 as restated
Business-type Activities			
All Water Funds	\$ 30,403,665

**Adoption of New GASB Pronouncements**

During the year ended June 30, 2023, the District implemented the following GASB Pronouncements:

GASB Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. There is no effect on the District's financial statements as a result of this Statement.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. This Statement's objective is to address accounting and financial reporting for arrangements in which a government contracts with an operator to provide public services by conveying control of the right to operate or use a capital asset for a period of time in an exchange or exchange-like transaction. There is no effect on the District's financial statements as a result of this Statement.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement's objective is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements for government end users. There is no effect on the City's financial statements as a result of this Statement.

GASB Statement No. 101, *Compensated Absences*. Issued in June 2022, this Statement updates recognition and measurement guidelines for compensated absences. This statement was issued in June 2022 to recognize (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The statement also amends the existing requirement to disclose the gross increases and decreases in a liability for compensated absences to allow governments to disclose the net change in the liability. In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences. Change in disclosures are reflected in Note 13.

**Future GASB Pronouncements**

The following GASB pronouncements have been issued, but are not effective as of June 30, 2023:

GASB Statement No. 100, *Accounting Changes and Error Corrections*. This Statement clarifies the presentation and disclosures requirements for prior period adjustments to beginning net position. This Statement will be effective for the District for fiscal year ending June 30, 2024.

The District will implement new GASB pronouncements no later than the required effective date. The District is currently evaluating whether or not the above listed new GASB pronouncements will have a significant impact to the District's financial statements.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 2 - Stewardship, Compliance, and Accountability**

**Budgetary Information**

Annual budgets are adopted on a basis consistent with U.S. GAAP for all governmental funds. The annual budgets for the proprietary funds are adopted on a basis not consistent with U.S. GAAP to comply with Oregon Local Budget Law. All annual appropriations lapse at fiscal year-end.

Oregon local budget law establishes standard procedures relating to the preparation, adoption, and execution of the annual budget. The City begins its budgeting process by appointing Budget Committee members in the fall of each year. Budget recommendations are developed by management through early spring, with the Budget Committee meeting and approving the budget document in late spring. Public notices of the budget hearing are generally published in May or June and the hearing is held in June. The City Council adopts the budget, makes appropriations, and declares the tax levy no later than June 30. Expenditure appropriations may not be legally over expended, except in the case of grant receipts and bond sale proceeds which could not be reasonably estimated at the time the budget was adopted.

The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. The level of budgetary control is established at the department level for the General Fund. For all other funds, the level of budgetary control is established at the personal services, materials and services, capital outlay, operating contingency, interfund transfers, debt services, special payments, and contingencies.

Unexpected additional resources may be added to the budget and appropriated for expenditure through the use of a supplemental budget. The supplemental budget process requires publication in the newspaper and approval by the City Council, and, if it is over 10% of the operating budget of the affected fund, a hearing before the public is also required. Oregon Local Budget Law also provides certain specific exceptions to the supplemental budget process to increase appropriations. Management must obtain City Council authorization for all appropriation transfers and supplementary budgetary appropriations. During fiscal year 2023, the City issued two supplemental budgets.

**Note 3 - Deposits and Investments**

**Deposits** – The GASB has adopted U.S. GAAP, which include standards to categorize deposits to give an indication of the level of custodial credit risk assumed by the City at June 30, 2023. If bank deposits at year end are not entirely insured or collateralized with securities held by the City or by its agent in the City's name, the City must disclose the custodial credit risk that exists. Deposits with financial institutions are comprised of bank demand deposits. Any deposits with financial institutions will be covered up to \$250,000 by the Federal Depository Insurance Corporation (FDIC), and the remaining deposited at an approved depository as prescribed by the Oregon State Treasurer.

The insurance and collateral requirements for deposits are established by banking regulations and Oregon law. Effective July 1, 2008, state statutes (ORS 295.002) allow public officials to deposit public funds in one or more depositories currently qualified pursuant to ORS 295 .001 to 295 .108. As long as the bank depository has entered into an agreement (ORS 295.008(2)(b)) and has deposited securities pursuant to state statutes (ORS 295.015(1)), there may now be on deposit at any one bank depository and its branches, a sum in excess of the amount insured by the FDIC. For the fiscal year ended June 30, 2023, the total carrying amount of the City's deposits in various financial institutions was \$2,400,715 and the bank balance was \$3,182,244. All deposits are held in the name of the City. Of the bank balance, the entire amount was covered by federal depository insurance or collateralized.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 3 - Deposits and Investments (continued)**

*Custodial credit risk* – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. The FDIC provides insurance for the City's deposits up to \$250,000 for the combined total of all deposit accounts at each financial institution. The remaining deposits are covered by the Public Funds Collateralization program (PFCP) of the State of Oregon in accordance with ORS 295. Depositories qualified under this program are required to pledge collateral against any public funds deposits in excess of deposit insurance amounts. This provides additional protection for public funds in the event of a bank failure or loss. ORS 295 sets the specific value of the collateral, as well as the types of collateral that are acceptable. ORS 295 creates a shared liability structure for participating depositories, better protecting public funds though still not guaranteeing that all funds are 100% protected. As of June 30, 2023, the City's bank balances were not exposed to custodial credit risk as they were collateralized under PFCP.

The City does not have a formal policy for custodial credit risk.

**Investments** – The City of The Dalles has invested funds in the State Treasurer's Oregon Short-Term Fund Local Government Investment Pool during the year. The Oregon Short-Term Fund is the local government investment pool for local governments and was established by the State Treasurer. It was created to meet the administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short-Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). Local Government Investment Pool (LGIP) is an unrated external investment pool managed by the State Treasurer's office, which allows governments within the state to pool their funds for investment purposes. The amounts invested in the pool are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 40.

In addition, the Oregon State Treasury LGIP distributes investment income on an amortized cost basis and the participant's equity in the pool is determined by the amount of participant deposits, adjusted for withdrawals and distributed income. Accordingly, the adjustment to fair value would not represent an expendable increase in the City's cash position.

*Credit Risk.* State statutes authorize the City to invest primarily in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, certain commercial papers, and the State Treasurer's investment pool, among others. The City has no formal investment policy that further restricts its investment choices.

*Concentration of Credit Risk.* The City is required to provide information about the concentration of credit risk associated with its investments in one issuer that represents 5 percent or more of the total investments, excluding investments in external investment pools or those issued and explicitly guaranteed by the U.S. Government. The City has no such investments.

*Interest Rate Risk.* The City has no formal investment policy that explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates.

**Note 4 - Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based upon the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

**Level 1** – Unadjusted quoted prices for identical instruments in active markets.

**Level 2** – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable.

**Level 3** – Valuations derived from valuation techniques in which significant inputs are unobservable.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 4 - Fair Value Measurements (continued)**

Investments in the Local Government Investment Pool (LGIP) are included in the Oregon Short-Term Fund, which is an external investment pool that is not a 2a-7-like external investment pool, and is not registered with the U.S. Securities and Exchange Commission as an investment company. Fair value of the LGIP is calculated at the same value as the number of pool shares owned. The unit of account is each share held, and the value of the position would be the fair value of the pool's share price multiplied by the number of shares held. Investments in the Short-Term Fund are governed by ORS 294.135, Oregon Investment Council, and portfolio guidelines issued by the Oregon Short-Term Fund Board. Investment in the LGIP is neither insured nor guaranteed by the FDIC or any other government agency. Although the LGIP seeks to maintain the value of share investments at \$1.00 per share, it is possible to lose money by investing in the pool.

LGIP balances are measured at amortized cost and are readily available to spend when needed. The balance in this pool is expected to stay fairly static as the interest rate in the pool is desirable. The risk associated with the LGIP is very low. The City only invests in the LGIP. The value of the City's investments as of June 30, 2023 was \$38,785,436.

**Note 5 – Receivables**

Receivables as of fiscal-year end for the governmental activities individual major funds and non-major funds in the aggregate are as follows:

	General Fund	Street Fund	Special Grants Fund	Nonmajor Governmental Funds	Total Governmental Funds
Receivables:

**Note 6 - Leases Receivable**

The City leases a portion of its properties to various third parties who use the space to conduct their operations on the City grounds, the terms of which expire 2023 through 2028.

The City reports leases receivable with a carrying amount of \$349,693, and a deferred inflow of resources in the amount of \$349,693 as of June 30, 2023.

The following is a schedule by year of minimum payments to be received under the City's leases that are included in the measurement of the lease receivable as of June 30, 2023:

**Note 10 – Investment in Joint Ventures**

The QualityLife Intergovernmental Agency (QLife) is jointly owned by the City of The Dalles and Wasco County, Oregon, each party owning 50 percent. QLife operates a fiber optic network to the residents of The Dalles and Wasco County and new Maupin project. The Maupin project was started in fiscal year ended June 30, 2016 and will be a separate operating network from the one that services the City and Wasco County. Revenues earned by the QLife are expended for the continued operations and maintenance of the network. Upon dissolution of QLife, the net position would be shared 50 percent each to the City and Wasco County. The QLife is governed by a five-member board comprised of two appointees from the City, two appointees from Wasco County, and the fifth member is appointed by the other four. The City's net investment and its share of the operating results of the QLife are reported in the City's governmental activities. For the fiscal year ended June 30, 2022, the most recent year audited financial statements were available, the investment in QLife increased by \$219,085 as a result of operations. The City's investment in QLife is \$2,653,705 and is accounted for using the equity method.

**Note 11 - Long-term Obligations**

**Full Faith and Credit Obligation Bonds-Governmental and Business-Type Activities**

The City issued \$3,300,000 in Full Faith and Credit Obligations, Series 2008, in February 2008, with interest rates ranging from 4.0% to 4.2%. The bond principal is payable annually and the interest is payable semiannually, with final payments due June 1, 2023. The bonds are direct obligations and pledge the full faith and credit of the City. These bonds were issued to provide funding for the acquisition and construction of major capital facilities. A portion of the debt is reported in and will be repaid by the Water and Wastewater Funds, which also own a portion of the assets. The city pledged its general non-restricted revenues and other funds. If the bond is defaulted, by failure to make required principal or interest payments or other covenants, action to enforce the financing agreement may take place for the amount of the obligation then outstanding to its satisfaction. The bond was paid in full as June 1, 2023.

The City issued \$12,100,000 in Full Faith and Credit Obligations, Series 2009, in October of 2009. \$10,205,000 of the bonds was for the benefit of the Columbia Gateway Urban Renewal Agency and will be repaid from tax increment revenues with the Urban Renewal area with interest rates ranging from 2.0% to 5.0%.

The remaining \$1,895,000 of the bonds was issued to finance improvements to the Street, Water, and Wastewater systems and have been split between the benefitting funds. \$1,368,000 was allocated to street improvements and has been reported with the governmental activities. The bonds are backed by the full faith and credit of the City and carry interest rates ranging from 2.0% to 5.0%. The total bonds were issued to finance construction of public infrastructure improvements, Urban Renewal Projects, to refinance the Urban Renewal Bonds series 2002, to fund an Urban Renewal debt reserve, and to pay the costs of issuance. The City pledged its general non-restricted revenues and other funds, the Urban Renewal Agency has pledged its tax increment revenues and earnings for repayment of the Urban Renewal Portion of the obligation. If the bond is defaulted, by failure to make required principal or interest payments or other covenants, action to enforce the financing agreement may take place for the amount of the obligation then outstanding to its satisfaction.

**Airport Debt**

The City has acted as a conduit for a loan from Klickitat County for construction of a new maintenance hangar at the Airport; this loan was repaid in full during the fiscal year. Additionally, the city has acted as a conduit for repayment of a loan received by Klickitat County to make improvements to the Airport Industrial Park. As of June 30, 2023, repayment is current and the outstanding balance is \$300,000.

In April 2015, the City issued \$2,000,000 in certificates of participation to finance the acquisition of two hangar buildings and a flex space building at the Airport to be leased for business purposes. Bond principal is due annually and interest is due semiannually with interest rates ranging from 2.0% to 4.5%. The City pledged its full faith and credit and taxing power to pay the amounts due under the obligation. Additionally, the City has pledged rent revenues generated from the lease of the flex space and other properties located at the Airport. As of June 30, 2023, the City has recorded a liability for the bonds of \$1,395,000 and an offsetting receivable of \$1,402,214 from the Airport which includes the unamortized premium balance.

**Bonds Payable-Business-Type Activities (Direct Borrowings)**

The City issued \$12,176,563 in Water and Wastewater Revenue and Refunding Bond, Series 2018, in January 2018. This bond was used to refund the Wastewater Revenue Bonds, Series 2003, Water Revenue Bonds, Series 2007, and fund additional wastewater projects. The bond principal is payable annually and the interest is payable semiannually with interest rate of 2.67%. Final payment is due June 1, 2032. The City has pledged the net revenues to the payment of principal, premium (if any) and interest on direct borrowings related to business activities of \$9,224,516. This pledge is from the time of the adoption of the master plan and shall be maintained as long as the bonds are outstanding. The bond is subject to redemption prior to maturity in whole or in part at the option of the City on any day on or after June 1, 2025, at par (100%) plus accrued interest thereon to the date of redemption. If the bonds are defaulted, by failure to make required principal or interest payments or other covenants, actions to enforce the financing agreement may take place for the amount of the obligations then outstanding to its satisfaction. However, the bonds shall not be subject to acceleration.

The revenue bonds described above were used to advance refund the Series 2003 Wastewater Revenue Bonds and the Series 2007 Water Revenue Bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$705,604. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt.

**Loan Payable-Business-Type Activities (Direct Borrowings)**

Water Fund - The City received approvals of two loans from the State of Oregon through its Oregon Infrastructure Finance Authority (OIFA) of the Business Development Department for water system improvements. The loans consist of the America Recovery and Reinvestment Act (ARRA) Loan for up to \$1,025,149 and the Safe Drinking Water Revolving Loan Fund (SDWRLF-A) Loan for up to \$2,553,101. The loan proceeds are disbursed on an expense reimbursement basis and the associated projects were completed with final loan values of \$1,025,149 and \$2,521,321, for ARRA and SDWRLF-A, respectively. The ARRA Loan bears interest at 3% per annum. The SDWRLF-A loan originally carried interest at 3.83% but was reduced to 3% when the State received EPA approval of an amended Oregon Safe Drinking Water Intended Use Plan that allows the interest rate to be reduced. Repayment of the ARRA and SDWRLF-A began December 1, 2014. The principal and interest of these two loans is payable from the Net Revenues of the Water System and the full faith and credit of the City. The City pledged its full faith and credit and taxing power to pay the amounts due under the loan agreement and note. If the loan is defaulted, by failure to make required principal or interest payments, the State could declare all principal and interest and all other amounts due immediately. It could also prevent the City from applying for future state assistance. These loans are aggregated in a single amortization as managed by the State in the table below.

**Note 11 - Long-term Obligations (continued)**

The City also received approval for a loan from the State of Oregon through its Department of Environmental Quality for wastewater system improvements. The Clean Water State Revolving Fund (CWSRF) Loan is for an amount up to \$2,000,000. Of this, \$500,000 is forgivable upon completion of the project with no defaults occurring. The loan proceeds are disbursed on an expense reimbursement basis. Loan proceeds have been accrued in the amount of \$1,929,998 to match the budgetary revenues to the federal expenditures reported. The City complied with the loan terms, completed the project as budgeted, and no defaults occurred. This resulted in \$500,000 of the loan being forgiven in FY18/19. The CWSRF Loan bears interest at 2.14% per annum and repayment began September 1, 2019. The principal and interest of the loan shall be payable from the Net Revenue of the Wastewater system. If the loan is defaulted, by failure to make required principal or interest payments, the State could declare all principal and interest and all other amounts due immediately.

During fiscal year 2022 the City was awarded an additional SDWRLF Loan (SDWRLF-B) through the OIFA to assist with the Dog River pipeline replacement project. The original loan of \$4,030,000 was increased to \$8,030,000 in April of 2022 with a forgivable amount of \$530,000. The loan term is 30 years at an interest rate of 1.00%. To date the City has drawn \$3,138,713 of the available balance. Repayment terms have not yet been established.

**Note 12 – Leases Payable**

At June 30, 2023, the City had eight lease agreements for the rental of copiers and cameras that qualified under GASB Statement No.87. Incremental borrowing rates of 1.2 percent to 2.8 percent were used to measure lease payables. Lease liabilities recorded under lease contracts as of June 30, 2023 were \$78,862.

Future minimum payments required, on an annual basis, are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2024	\$ 23,374	\$ 542	\$ 23,916
2025	22,037	375	22,412

2028	879	9	888
Total	<u>\$ 78,862</u>	<u>\$ 1,189</u>	<u>\$ 80,051</u>

**Note 13 – Accrued Compensated Absences**

The changes in accrued compensated absences for the year ended June 30, 2023 are as follows:

	Accrued June 30, 2022	Net Change	Accrued June 30, 2023	Due Within One Year
Governmental Activities	\$ 398,778	\$ 26,218	\$ 424,996	\$ 424,996

	<u>\$ 617,432</u>	<u>\$ 24,533</u>	<u>\$ 641,965</u>	<u>\$ 641,965</u>

It is the City's opinion that the liability is current in nature as it has capped amounts which can be earned to encourage employees to take their vacation annually.

**Note 14 - Other Post-Employment Benefits (OPEB)**

***Plan Description***

The government does not have a formal post-employment benefits plan for any employee groups; however, the government is required by Oregon Revised Statutes 243.303 to provide retirees with group health and dental insurance from the date of retirement to age 65 at the same rate provided to current employees. GASB 75 is applicable to the government due only to the implicit rate subsidy. The implicit employer subsidy is measured as the expected health care cost per retiree and dependent, less the gross premiums charged by the insurance carrier for that coverage. The subsidy is only measured for retirees and spouses younger than age 65, at which point such retirees and spouses typically become eligible for Medicare.

This "plan" is a single employer defined benefit plan. This plan is not considered a trust or equivalent arrangement as there are no plan assets. It is not a stand-alone plan and therefore does not issue its own financial statements.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 14 - Other Post-Employment Benefits (OPEB) (continued)**

***Benefits Provided***

All employees of the government retiring from active service with a pension benefit payable immediately under Oregon PERS is eligible. Retirees and their dependents under age 65 are allowed to continue the health care coverage received prior to retirement. Premiums for retirees are tiered and based upon the premium rate available to active employees. The retiree is responsible for payment of the premiums.

***Employees Covered by Benefit Terms***

At June 30, 2023, the following employees were covered by the implicit benefit terms:

Active employees	98
Eligible retirees	0
Spouses of ineligible retirees	0
Total participants	<u>98</u>

***OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

As of June 30, 2023, the government reported an OPEB liability of \$415,534. Total OPEB liability is determined using the entry age normal actuarial cost allocation method. In addition, GASB 75 requires that the allocation of costs for accounting purposes be made as a level percentage of employees' projected pay, including future anticipated pay increases. This measurement is based on the June 30, 2022 valuation date and a June 30, 2023 measurement date.

	Total OPEB Liability
Balance as of June 30, 2022	\$ 371,626
Changes for the year:	
Service Cost	33,678
Interest on total OPEB liability	14,276

For the year ended June 30, 2023, the City recognized OPEB expense of \$34,508. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 544,860
Change of assumptions	-	218,159

**Note 14 - Other Post-Employment Benefits (OPEB) (continued)**

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

Year Ended June 30,	Net Deferred Outflow/(Inflow) of Resources
2024	\$ (123,264)
2025	(123,264)
2026	(123,264)

*Actuarial methods and assumptions.* Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2022 actuarial valuation, the entry age normal cost method was used. Demographic assumptions regarding retirement, mortality, and turnover are based on Oregon PERS valuation assumptions as of December 31, 2019.

Valuation Date	June 30, 2022
Measurement Date	June 30, 2023
Actuarial Assumptions:	
Actuarial Cost Method	Entry Age Normal
Inflation Rate	2.50 percent
Salary Increases	2.90 percent
Withdrawal, retirement, and mortality rates	December 31, 2019 Oregon PERS valuation
Election and Lapse Rates	35% of eligible employees 20% of male members and 20% of female members will elect spouse coverage.

*Discount rate.* Under GASB 75, unfunded plans must use a discount rate that reflects a 20-year tax-exempt municipal bond yield or index rate. The assumptions reflect the Bond Buyer 20-Year General Obligation Bond Index. The discount rate in effect for the June 30, 2022 reporting date is 3.54 percent.

***Sensitivity of the Total OPEB Liability to Changes in the Discount Rate***

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate:

	1% Decrease (2.54%)	Current Discount Rate (3.54%)	1% Increase (4.54%)
Total OPEB Liability	\$ 451,882	\$ 415,534	\$ 381,591

***Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates***

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Cost Trend Rate 5.75% decreasing to 5.0%	1% Increase
Total OPEB Liability	\$ 366,192	\$ 415,534	\$ 473,288

**Changes in Assumptions and Methods**

A summary of key changes implemented since the June 30, 2021 valuation are noted below.

**Discount Rate**

- Updated to reflect the current 20-year tax-exempt municipal bond yield which increased from 2.21% to 3.54%.

**Mortality Assumption**

- Changed to the RP-2014 annuitant distinct mortality table adjusted to 2006 with MP-2021 generational projection of future mortality improvement.

**Turnover and Retirement**

- Updated to reflect assumptions use in the Oregon PERS December 31, 2021 actuarial valuation.

**CITY OF THE DALLES  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

**Note 15 - Commitments - Construction in Progress**

The City has various active construction obligations at June 30, 2023. The total project costs of these obligations are as follows:

Project	Contract Amount	Completed to Date	Remaining Commitment
Washinton Street Underpass	\$ 8,100,000	\$ 2,022,721	\$ 6,077,279
3rd Street Streetscape	3,000,000	52,668	2,947,332
Downtown Parking Structure	3,300,000	19,680	3,280,320
Granada Block	570,000	284,774	285,226
1st Street Parking	3,720,000	42,866	3,677,134
Total	\$ 18,690,000	\$ 2,422,709	\$ 16,267,291

**Note 16 - Contingent Liabilities**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grant agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the granter cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

**Note 17 - Risk Management**

The City is exposed to various risks of loss related to torts; theft or damage to and destruction of assets; and errors and omissions for which the City carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage for the past five years.

**Note 18 - Tax Abatements**

The City has authorized tax-exempt status for three qualified firms within the City: HIX The Dalles LLC, PowderPure, and Design, LLC. All properties are required to meet State and Federal funding requirements which include annual physical inspections and an annual audit of financial activity and programmatic compliance. The property tax exemption may be removed if the property is no longer eligible under the stated provisions of ORS 307.540 to 307.548. Section E of the renewal application requires the applicant to acknowledge compliance with the requirements annually. For fiscal year ending June 30, 2023, the foregone property tax revenue is \$5,856,854.

**Note 19 - Deficit Fund Net Position**

The 2018 Utility Bond Fund reported a deficit net position balance of \$5,991,587 in the enterprise funds Statement of Net Position. The deficit is a result of the accounting structure surrounding the financing of capital development of the Water and Wastewater funds capital asset systems, where the debt is reported by the 2018 Utility Bond Fund, but the assets resulting from that debt are reported in the Water and Wastewater funds.

Such statements and schedules include:

- Combining Schedules – Nonmajor Governmental Funds
- Combining Schedules – General Fund - Generally Accepted Accounting Principles
- Budgetary Comparison Schedules
- Budgetary Comparison Schedules – Enterprise Funds

### COMBINING SCHEDULES

Nonmajor Governmental Funds

#### **Special Revenue Funds**

These funds account for revenue from specific sources that are legally restricted to expenditures for specified purposes. Funds included in this category are:

##### **Library Fund**

The Library Fund accounts for the operation of the City Library, which is the main branch of the County's Special Library District. Principal sources of revenues are funds from the County collected Library District taxes, state grants, library fines, and donations.

##### **Community Benevolence Fund**

The Community Benevolence Fund provides for the accumulation of financial resources to pay for expenses related to the memorials to Veterans of the community. Principal revenues are primarily from grants.

##### **State Office Building Fund**

The State Office Building Fund accounts for the operations and maintenance of a City owned building currently rented by the State of Oregon to provide services to the local community. Principal revenues are from rental income.

##### **Special Enterprise Zone Fund**

The Enterprise Zone Tax Abatement Proceeds Special Reserve fund accounts for funds associated with the Enterprise Zone Tax Abatement agreement between the City of The Dalles, Wasco County, and Design LLC dated August 17, 2015.

#### **Debt Service Funds**

These funds account for revenues and expenditures related to the repayment of general long-term indebtedness. Funds included in this category are:

##### **FFCO 2008 Bond Fund**

The FFCO 2008 Bond Fund accounts for the accumulation of resources for, and the repayment of, full faith and credit bonds relating to the relocation of the Public Works facilities and the remodel of City Hall.

### **2009 FFCO Bond Fund**

The 2009 FFCO Bond Fund accounts for the accumulation of resources for, and the repayment of, general long-term debt principal and interest relating to the Columbia Gateway Urban Renewal District and Water and Wastewater improvements.

### **Urban Renewal Debt Fund**

The Urban Renewal Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest relating to the Columbia Gateway Urban Renewal District.

### **Capital Projects Fund**

These funds account for expenditures on major construction projects or equipment acquisitions. The principal sources of revenues are proceeds from long-term obligations issued to finance capital acquisitions and improvements. Funds included in this category are:

#### **Capital Projects Fund**

The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by the enterprise funds. Principal resources to the fund are grants, a portion of lease payments received on the State Office Building owned by the City, and interest earned on investments.

#### **Special Assessment Fund**

The special Assessments Fund accounts for the financing of public improvements or services deemed to benefit primarily the properties against which the assessments are levied. Principal sources of revenues are assessment principle and interest collected.

#### **Urban Renewal Capital Projects Fund**

The Urban Renewal Capital Projects Fund accounts for services and construction costs for the development within the Columbia Gateway Urban Renewal District. Principal sources of revenues are property taxes, grants, and interest on investments.

## **GENERAL FUND COMBINING**

### **General Fund**

The General Fund is the City's primary operating fund. It accounts for all financial resources of the City, except those accounted for in another fund. Principal sources of revenue are property taxes, franchise fees, hotel-motel tax, and state shared revenues. Expenditures are primarily for general government operations, public safety (police), and culture and recreation.

### **Public Works Reserve Fund**

The Public Works Reserve Fund provides for the accumulation of financial resources to pay for equipment, machinery and vehicles for the Public Works Departments: streets, water and sewer operations. Contributions are received from the operating funds of the Street Fund, Water Utility Fund, Wastewater Utility Fund, and the sale of Public Works' surplus property.

### **Transportation System Reserve Fund**

The Transportation System Reserve Fund provides for the accumulation of funds to pay for upgrade and expansion of the street systems.

### **Unemployment Reserve Fund**

The Unemployment Reserve Fund provides for the accumulation of financial resources of the City to pay claims of unemployment. Contributions are received from the operating funds of the General Fund, Library Fund, Street Fund, Water Utility Fund, and Wastewater Utility Fund.

## **AUDIT COMMENTS AND DISCLOSURES**

---

## INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

Mayor and City Council  
City of The Dalles, Oregon  
The Dalles, Oregon

We have audited the basic financial statements of the City of The Dalles, Oregon (the City) as of and for the year ended June 30, 2023, and have issued our report thereon dated December 15, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards..

### Compliance

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, including the provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules 162-10-0000 through 162-10-0320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not the objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures but were not limited to the following:

- Deposit of public funds with financial institutions under ORS Chapter 295.
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required under ORS Chapter 294.
- Insurance and fidelity under bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing under (ORS Chapters 279A, 279B, 279C).

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, including the provisions of Oregon Revised Statutes as specified in Oregon Administration Rules 162-10-0000 through 162-10-0320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

## **OAR 162-10-0230 Internal Control**

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Restrictions on Use**

This report is intended solely for the information and use of the Honorable Mayor and City Council, Management of the City and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Council  
City of the Dalles  
The Dalles, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and aggregate remaining fund information of the City of the Dalles, Oregon (the City) as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 15, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider a material weakness.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Management's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the City of the Dalles, Oregon response to finding identified in our audit and described in the accompanying schedule of findings and question costs. The City's response has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor and Council  
City of The Dalles, Oregon  
The Dalles, Oregon

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Federal Program***

We have audited City of the Dalles, Oregon (the City) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended June 30, 2023. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

#### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CITY OF THE DALLES  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2023**

**Note 1 – Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal awards activity of City of Rogue River (the City) under programs of the federal government for the year ended June 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, change in net assets, functional expenses, or cash flows of the City.

**Note 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**Note 3 – Indirect Cost Rate**

The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 4 – Subrecipients**

The City did not have any awards that were passed through to subrecipients for the year ended June 30, 2023.
